

Club News Update

It's hard to think, with 84 degree temperatures, that we are already in September and Labor Day is near. The Executive Committee had our monthly meeting on Wednesday, September 1st and voted, since the Covid epidemic is not getting any better, we should cancel all indoor events till the New Year.

We will be extending the memberships of currently "paid up" members by four months to compensate for the loss of events.

We are still looking for volunteers to help with running the club and anyone who may be interested is invited to email Publicity@BritsnUS.club and let us know.

Please stay healthy!
