

September 2020 Update

Uncertainty continues over when the Recreation Department might allow social groups to resume recreation center events and with what restrictions. We ask for your understanding and forbearance while assuring you that the Brits 'n' US board continues meeting by phone each month to review the situation and to have events ready to go when circumstances allow.

To compensate for lack of entertainment, we will be extending all active member subscriptions by one month for each month of inactivity. Current members will find that their subscriptions have recently been extended by two months to compensate for September and October.
